

THE ANNUAL REPORT SCAN ...

... previews or reviews (°) the strengths and weaknesses of the latest annuals.

- Your question: What are the strengths and weaknesses of the latest annual report?
- Your benefit: An overview of pluses and minuses and a score breakdown for 25 criteria used for the *Annual Report on Annual Reports* rating and ranking
- The price: **Euro 1,300 or US\$ 1,500 or £ 1,200**

(°) Previews if the Scan is ordered before the release of the *Annual Report on Annual Reports*.

Reviews if it is provided after the publication of the *Annual Report on Annual Reports*.

Important notice: Only report ratings -based on e.com and rating panel's assessment- are made public. Neither the total score nor the score breakdown is publicly disclosed. These are solely intended for the company making the request by placing an order, either directly or via an agency.

Timescale: The Scan being based on our desk research, it requires some copywriting and editing job. Please allow a three- to nine-week turnaround.
